

Job Opportunity

Technician, Manufacturing Technical Support

Prometic Bioproduction inc. (“PBP”) undertakes the development and manufacture of high-value plasma-derived therapeutic novel and biosimilars for Prometic’s current and future clients in a state of the art facility.

Prometic Bioproduction Inc is experimenting a substantial growth. In order to support operations expansion, the Technician, Manufacturing Technical Support will be responsible for supporting production activities by providing the required technical expertise for employee training, manufacturing process changes, addition or replacement of process equipment, and troubleshooting of technical/mechanical issues occurring during manufacturing activities.

The mandate of the Technician, Manufacturing Technical Support will include:

- Provide technical training to production employees both in Buffer Preparation and Process areas.
- Assure the routine preventative maintenance of production equipment as well as maintaining adequate inventory of spare parts for process equipment.

- Actively support and liaise with Manufacturing Science in new product development or projects involving process changes.
- Provide technical assistance at EBCI Winnipeg.
- Troubleshoot technical or mechanical problems occurring during production.
- Provide the technical expertise required in the design, and commissioning of new or replacement process equipment.
- Participate in the preparation of investigation or deviation reports. Suggest corrective measures to avoid reoccurrence of incidents.
- Other related duties/responsibilities as required or assigned by the supervisor.

The selected candidate must hold a DEC in Chemistry, Biochemistry, Biology, or in a related field with three (3) to five (5) years knowledge and working experience within the pharmaceutical or biopharmaceutical industry, as well as a deep understanding of production processes and operations. Excellent knowledge of English (oral and written) and French (oral). Ability to operate both independently and in cross-functional teams including qualified professionals of other departments.

Other requirements: Computer and software skills (Excel, Word, Outlook or equivalent).

Prometic offers a competitive compensation, a flexible work schedule and a casual working environment.

To apply, please send a cover letter and copy of your resume to hr@Prometic.com with the following reference: PBP-PROD-1708. Prometic is an equal opportunity employer. **Only chosen candidates will be contacted for an interview.** For more information about Prometic, visit our website www.Prometic.com.
